Committee Reports

Communications Report: In February, social media posts were made regarding the 2/20 neighborhood euchre and puzzle night; 2/28 Kimbrough house cleanup; orchard and island cleanup dates; voting center information; and repairs to the Kimbrough house. In March so far, social media posts were made regarding the upcoming 3/13 neighborhood euchre and puzzle night and the 3/14 window glazing workshop.

Community engagement - Euchre night is on Friday. We have a workshop for window glazing on Saturday. I am planning on filling out the paperwork to send to the parks dept for the summer concerts this month

Finance - No updates. Waiting on Tech Soup

Festival - The Indiana Arts Commission grant has been applied for and will know by July 1 if it is awarded. The Zeigler Foundation gave us the go ahead to apply for up to 5,000. Cornerstone is talking about how they could partner with us for their 100th anniversary. A date to move the items in Russell's house to the new storage solution is being worked on, weather pending.
